

GOVERNMENT OF THE DISTRICT OF COLUMBIA
OFFICE OF PLANNING

Office of the Director

Dear Neighborhood Partner:

During the past year, you participated in the development of a Strategic Neighborhood Action Plan (SNAP) for your neighborhood cluster. Your hard work and input led to specific strategies and action steps to improve and maintain your neighborhood.

Your neighborhood priorities are now shaping the FY03 Budget process. In the first phase of the budget process, District agencies have reviewed your priorities and determined commitments to many of those priorities. These commitments have been included in Mayor Williams' proposed FY2003 budget. The next step is the review and refinement of the proposed FY2003 budget by the Council of the District of Columbia.

The enclosed **Citizen Budget Worksheet** and **FY 2003 Commitments to Priorities** highlights key commitments to your SNAP, as well as the Persistent Problem Areas that have been identified through the Neighborhood Services Initiative. We are providing you this information so that you can use it track how your priorities are faring throughout the budget process and to share with your neighbors.

Beginning the end of March and throughout April, the Executive Office of the Mayor Community Outreach will conduct outreach to neighborhoods across the city regarding their neighborhood priorities and the budget process. District agency officials will attend some of these meetings to discuss the proposed FY2003 budget and to hear from you. I will also attend some of these meetings, as some of the information that defined this year's proposed budget came directly from the SNAP. To learn when and where these meetings will be held, please call (202) 442-8150.

We commend you, your neighbors and stakeholders for the extraordinary level of involvement throughout the planning process. We look forward to working with you in implementing your SNAP and effecting livable, vibrant neighborhoods.

Sincerely,

Howard Ways
Neighborhood Planning Coordinator, Ward 7

Citizen's Guide To Mayor Anthony A. Williams' Proposed FY 2003 Budget

Submitted to the Council of the District of Columbia

March 18, 2002

District Agency Commitments to Neighborhood Priorities
Identified Through Neighborhood Initiatives

Cluster 33

Benning Ridge, Capitol View, Marshall Heights

Government of the District of Columbia, Anthony A. Williams, Mayor

I. Introduction:

Welcome to your ***Citizen's Guide to Mayor Anthony A. Williams' Fiscal Year 2003 Proposed Budget*** for Neighborhood Cluster 33. This document was prepared for residents, businesses, non-profits, and others, who are interested in learning how neighborhood issues and priorities helped define the proposed FY 2003 budget. In this document, you will find specific commitments District agencies have made from priorities identified through the Neighborhood Planning and Neighborhood Services Initiatives, which are now in the City-Wide Strategic Plan. The city-wide priorities were articulated during the Citizen Summit II and at the neighborhood level through Neighborhood Planning and Neighborhood Service activities.

Linking neighborhood priorities to the District budget was one of the primary goals Mayor Williams' established when he developed the Neighborhood *Action* Initiative. Neighborhood *Action* is designed to give voice to our shared vision for the city and to empower citizens to improve their communities. Neighborhood *Action* coordinates the resources of government, businesses, faith-based organizations, community organizations and residents to shape the future of our city and neighborhoods.

Neighborhood *Action* plays a critical role in the District's strategic management cycle. The two-year cycle enables residents to influence the budget and hold government accountable to public priorities.

How did Neighborhood Priorities Become Linked to the Proposed FY 2003 Budget?

This administration developed a two-step process, which took approximately two years to complete:

Step 1: Mayor Williams' created two neighborhood initiatives under the umbrella of Neighborhood *Action* – Neighborhood Planning and Neighborhood Services.

Neighborhood Planning's first task was to work with every neighborhood in the city to develop draft Strategic Neighborhood Action Plans (SNAP). Planning was based on neighborhood clusters – two to three adjacent neighborhoods grouped together for planning purposes. There are a total of 39 neighborhood clusters in the District. With the help of a Neighborhood Planner from the Office of Planning, each neighborhood cluster went through a process to develop their own SNAP. The goal of this planning was to identify the elements (such as recreational opportunities or economic development) that contribute to a successful, healthy neighborhood and then identify which elements each cluster needed work to strengthen. The SNAPs were crafted through a community-driven process, where residents that participated almost completely defined its content.

Neighborhood Services strives to find permanent cures - not just quick fixes – for persistent problems in every Ward across the District. To this end, the NSI, in partnership with residents and 13 District agencies, has identified Persistent Problem Areas (PPAs) in the community. Whenever the Metropolitan Police Department has an active Police Servicing Area Plan (PSA Plan) or a Capital Community Plan, a PPA workplan was developed. These areas have recurring problems that need the cooperation and coordination of many government agencies to ensure that they become clean, safe and healthy neighborhoods. Through a Core Team approach, 13

government agency representatives come together weekly in each Ward to develop and implement Work Plans in an effort to mobilize, reclaim, revitalize and sustain abatement of the problems in PPAs.

As a result of citizen input and the Neighborhood Action initiative, the government has received direction on how to improve the quality of life in neighborhoods across the city – neighborhood by neighborhood.

Step 2: The administration focused on how District government addresses those issues, which would require changes in policy, a reallocation of staffing resources, and funding. District agencies (and even some non-District agencies) reviewed the neighborhood priorities as they developed their proposed FY 2003 budget. Beginning in October of 2001, over 40 agencies reviewed, recommended actions and developed responses to address neighborhood priorities. They participated in this process four times in an attempt to hone their commitments.

Although resources are limited, agencies used neighborhood priorities as one of the inputs to help define what they should do next year, how they should be doing it, and where they should begin. While not all priority actions can be implemented in this budget cycle, District agencies worked to address as many as possible.

This document provides a line by line detailed list of commitments District agencies have made to your neighborhood – even with the existing financial budget pressures the District faces.

Why Do I Have this Document Now?

This is a very crucial time. Finalizing the District's annual budget is a two-step process. In step one, Mayor Williams presented his proposed budget to the Council of the District of Columbia on March 18th. In step two, the Council will hold a series of hearings with agency directors to review, revise, and ultimately approve the budget. This document allows you to track changes in the budget between the two steps before the budget becomes final.

To inform you of what commitments will be implemented, two sets of documents will be released this Summer:

Agency Commitment Highlights: Enclosed with this document is a one-page summary that highlights some of the key commitments to your neighborhood. This one-pager will be updated and posted on the District website at www.dc.gov. Please look for the update in Summer 2002.

Final Strategic Neighborhood Action Plan (SNAP): Pending the outcome of our work with the Council, the Office of Planning will work with agencies to review and possibly revise their commitments. The Office of Planning will then finalize and distribute the SNAP. The release of this final SNAP will also be Summer 2002.

We look forward to updating you on the progress of our commitments to your priorities.

II. Neighborhood Priorities:

The work of the Neighborhood Service Coordinators and the Neighborhood Planners over the past two years, helped surface priorities specific to each neighborhood cluster. The following section is a description of the processes used to identify these priorities.

Process for Identifying Persistent Problem Areas

Neighborhood Services, in partnership with ANCs, community associations and citizens prioritized Persistent Problem Areas (PPAs) using the following criteria: Level of community concern; synergy with police initiatives and other government initiatives; proximity to schools or senior facilities; and the level of health or safety concern.

During the community-driven assessment process, a number of PPAs were identified in each Ward. To ensure that Neighborhood Services addressed the most immediate needs in each Ward, the community helped prioritize the PPAs. Presently there are 51 active PPAs across the city. In these PPAs, work plans have been developed to solve the root cause of problems identified in these areas.

In this Cluster, there is one PPA. The location and goal of this PPA is as follows:

Location:

Goals at Each Location:

PSA 605

Attack the root cause of neighborhood blight by reducing abandon cars and houses by 20%

A number of actions on the following pages focus on addressing these service delivery challenges.

Process for Developing your SNAP

Developing your Strategic Neighborhood Action Plan (SNAP) was a citizen-driven process that involved three phases: Visioning & Establishing Neighborhood Essential Ingredients; Action Planning; and Validation. In Phase I, between January and June of 2001, a Visioning and Essential Ingredients Workshop was held in each Neighborhood Cluster. Also at this workshop, citizens were asked to create a list of Essential Ingredients for their cluster. Essential Ingredients are characteristics vital to making a neighborhood a place where people and families can live and thrive. Your Cluster identified and ranked the following essential ingredients as vital for a livable community:

- Environment
- Transportation
- Youth development
- Communication
- Schools

- Urban Design
- Infrastructure
- Community Spirit
- Law Enforcement
- Neighborhood Stability
- Location
- Health Care

Citizens worked with their Neighborhood Planner to prioritize the top 3-4 essential ingredients that were critical to begin addressing in fiscal years 2002-03. Citizens in your neighborhood cluster identified the four ingredients:

1. Environment
2. Transportation
3. Youth Development

In Phase II over the Summer of 2001, several Action Planning Work sessions were conducted in your Cluster to identify specific actions, or recommendations, for addressing these priorities. In these sessions, detailed priorities, objectives, locations, recommended actions for government, citizens, nonprofits and others were developed. Recognizing that limited resources exist, citizens had to make tough choices about which actions were truly priorities.

And finally in Phase III, Validation Meetings were held in the cluster where citizens confirmed the recommended actions. Below is a snapshot of Cluster 32 and 33 priority issues. In the Mayor’s Budget Commitments section of this document, you will be able to see how agencies have responded to these issues.

Summary of Priorities:

Participants in the SNAP process were asked to identify the top four priority areas that are critical to improving the quality of life in their Neighborhood Cluster. Clusters 32 and 33 worked jointly on this effort and identified the following priorities:

- Environment
- Transportation
- Youth Development

Environment was overwhelmingly the top priority. Residents shared their concern over the impact of the proposed expansion of the trash transfer station on Benning Road and wanted clarity on the District’s final decision concerning improvements to the system of disposing solid waste in the city. The Kingman Island restoration project, a major component of the Anacostia Waterfront Initiative, was identified as the kind of positive environmental intervention supported by residents on both sides of the river.

Transportation was the second priority. Improving the quality of streets, sidewalks, alleys, curbs and gutters were cited as major issues throughout the Clusters. Additionally, improving access to public transportation and mitigating traffic congestion were also identified as areas of concern.

Youth Development was the third priority. Citizens recommended better maintenance of recreation facilities and promoting the development of healthy and productive young people who can make positive contributions to their neighborhoods. To achieve these goals, specific program recommendations were developed for the Department of Parks and Recreation and the DC Public Schools.

A number of the actions on the following pages came directly from this SNAP planning process.

III. Mayor's Budget Commitments

This section on the following pages includes agency commitments for your cluster. Note that even actions that start or have started in FY 2002, they may have budget implications in FY 2003. The information is organized to include the action (which came from SNAP planning or PPA work), the responsible or implementing District agency, and the agency commitment to the action.

Citizen Budget Worksheet

For the last two years, the Williams' administration has been working with residents to identify the top issues or projects that are most important in their neighborhoods and across the city. This worksheet is a snapshot of key commitments to neighborhoods that are funded in Mayor Williams' proposed FY 2003 budget. Mayor Williams will deliver this budget to the Council of the District of Columbia on March 18th. Citizens may use this worksheet to track how District agencies' commitments to neighborhood priorities are faring in the budget process. In order to execute these commitments, agency budgets must be fully funded. Agency budget hearings begin on March 20th and testimony from the public is part of the hearings. To learn when specific agencies are before the Council, please visit the Council website at www.dccouncil.washington.dc.us. Finalizing the FY 2003 budget is a several month process. We encourage you to review the outcome of these commitments at www.dc.gov in Summer 2002.

If you are interested in reviewing the complete list of commitments for this cluster, which include responses to recommendations made by citizens through the Strategic Neighborhood Action Planning process, please call 202-727-0882 to have a copy mailed to you.

Highlights of Key Commitments In Mayor's Budget

	<u>Mayoral Budget</u>	<u>Final Budget</u>
Provide Additional Opportunities for Youth Development		
▪ The Department of Parks and Recreation (DPR) will conduct a thorough evaluation and assessment of all recreation facilities and programs.	✓	
▪ DC Public Schools (DCPS) has designated Davis Elementary School a T-9 School, making it eligible to receive on-site delivery of health and human services, including after-school programs, immunizations, mental health and crisis counseling, and increased involvement from the Metropolitan Police Department (MPD).	✓	
▪ DCPS budgeted \$1.5 million for improvements to Nalle Elementary School in FY 2003.	✓	
▪ DPR budgeted \$400,000 for improvements to the Benning Ridge Recreation Center in FY 2003.	✓	
Upgrade Transportation Infrastructure		
▪ The District Department of Transportation (DDOT) will use the citizen street survey submitted to DDOT to identify areas for site inspections and to determine future street, alley, curb and gutter capital improvements.	✓	
▪ DDOT will survey and review all schools and Metro stations for traffic calming devices with installation expected in FY 2003.	✓	
▪ MPD's Operations Command will be conducting site surveys for the possible relocation of red light cameras.	✓	

Highlights of Key Commitments, cont. for Cluster 33

Create New Economic Development Opportunities for Residents

- The Department of Community Development (DHCD) will use the authority outlined in the Housing Act of 2002 to acquire vacant properties. It will also continue the Homestead Housing Program to acquire tax delinquent properties to create more housing opportunities.
- The DC Housing Authority (DCHA), the Office of Planning (OP) and (DHCD) will collaborate with the Eastgate/Marshall Heights Alliance on a revitalization plan for the Marshall Heights area. A development consultant will be hired in FY 2002 to begin the master plan.
- DHCD budgeted \$7 million in FY 2002 to support the East Capitol development. The project will have 510 mixed income housing units and a shopping center anchored by a new 50,000 square foot supermarket.

Mayoral Budget

Final Budget

Improve and Enhance the Neighborhood

- The Department of Public Works (DPW) has opened an additional impound lot and new tow cranes are arriving, which will enable quicker removal of abandoned vehicles.
- The Office of the Clean City Coordinator (OCCC) is introducing a revamped Adopt-A-Block Program. To further implement the Clean City Initiative, one additional staff person will be hired.
- The Department of Consumer and Regulatory Affairs (DCRA) will regularly conduct housing inspections and surveys since hiring one inspector for each neighborhood cluster.
- DPW hired additional SWEEP inspectors in FY 2002, bringing the number of inspectors in the ward to three. This will increase the level of solid waste education and enforcement and help prevent illegal dumping.
- DPW's Parking Services will hire 138 additional parking enforcement officers in FY 2002, more than doubling the existing force. Once fully trained, one hundred parking officers will be dedicated to residential areas. Deployment will include a night shift to enforce registration requirements for out-of-state vehicles.
- DCRA will prioritize the abandoned buildings identified by the community to establish time frames for action.
- Fire and Emergency Medical Services (FEMS) will hire one additional inspector for Ward 7.
